

National Future Day

Pupils in school years 5-7 are given a day off to immerse themselves in the world of work. In most cases, the children accompany their parents or close friends to work and get a taste of the world of work. Children from socially disadvantaged families are usually denied this opportunity.

You can change that by opening your company's doors to these children, giving them the opportunity to explore the world of work and broaden their horizons.

2023: 8 kids – 2 companies – 1 region (pilot)

2024: 35 kids – 6 companies – 2 regions

2025: 41 kids – 9 companies- 4 regions

2026: Your time to keep this growing

National Future Day

November 12, 2026

For Corporate Partners and Members

- Open your doors for Future Day at your company
- Design or open an existing inspiring full-day program to a group of children
- Provide the kids with insights in roles within your company
